"I just wanted to drop you a quick note to say what a pleasure it is working with Lee at Calculex Accountancy. As well as being knowledgeable he is thorough, organised, supportive, really approachable and easy to talk to. I really do appreciate your help." – Gary Moseley, Managing Director, Scell-It (UK) Limited

"As an Electrician running my own business it's so reassuring to know that I can expect, and receive, the same level of pro-active support during times when business has been tough as when it's going well, from both an individual perspective and a company one." – Andy Evans, Director, Evolution Electrical Installations Limited
